CANCELLATION POLICY

Registration fees are partially refundable if notification is provided in writing no later than June 15, 2006. A cancellation fee of \$75 will be deducted from the total fees paid for all cancellations received before that date. Notice of cancellation must be received in writing by mail, fax or email. No refunds will be made for cancellations received after June 15, 2006.

PACIFIC ENERGY CENTER

The Pacific Energy Center is located at 851 Howard Street in San Francisco. It is PG&E's demonstration and education center, established to help building and design professionals understand and implement state-of-the-art, energy efficient technologies. The Energy Resource Center supports and enhances the Center's mission by supplying technical information and research assistance to building and design professionals, ESCO's and customers interested in energy efficiency solutions.

HOTEL INFORMATION

NAESCO has reserved a block of rooms at the Hilton San Francisco Financial District Hotel, located at 750 Kearny Street, San Francisco, CA 94108. This hotel is about 1½ miles from the Pacific Energy Center.

Reservations should be made by contacting the hotel at 415-433-6600. NAESCO's special conference rate is \$149 plus tax per night for single or double occupancy. Hotel reservations must be made by **May 26, 2006** to get the special conference rate.

Space is limited so, to ensure that rooms are available, early reservations are advised.

ABOUT NAESCO

The National Association of Energy Service Companies is a national trade association which has been promoting the benefits of the widespread use of energy efficiency for over 20 years. On behalf of its membership, NAESCO works to help open new markets for energy services by directly promoting the value of demand reduction to customers through seminars, workshops, training programs, publication of case studies and guidebooks, and the compilation and dissemination of aggregate industry data. NAESCO is proud of its leadership role in devising innovative policies for a changing marketplace. NAESCO represents every facet of the energy services industry and is the industry's advocate for the cost effective delivery of comprehensive energy services to all customer classes. NAESCO strongly promotes the benefits of distributed resources, including energy efficiency, in an evolving market.

In order to ensure industry quality, NAESCO sponsors a rigorous accreditation program for ESCOs, Energy Service Providers and Energy Efficiency Contractors to recognize capabilities and experience. The Association places a high priority on making the Association a home for the broadest spectrum of market participants including generation and distribution companies and distributed generation project developers. NAESCO also brings together energy service providers from around the world to facilitate market opportunities.
